quality.

Every flake. Every batch.

Built on trust

Food Safe

Hygienic practices and food/pharma standards at every step.

Traceable

Complete traceability from farm to finished product.

Controlled Process

Precision-controlled processing ensures consistent quality.

Batch Consistency

Uniform quality with reliable batch-to-batch performance

our potato flakes range .

Engineered for consistent performance across global industries manufacturing.

5 PRECISION GRADES

Tailored particle sizes for every application and process need.

800 BULK DENSITY MICRO SIZE

Ultra-fine texture. Dissolves instantly with no visible flakes. Ideal for smoothness, binding and quick hydration.

Instant Hydration

Very Smooth

No Visible Flakes

600 BULK DENSITY EXTRA SIZE

Extra fine flakes that hydrate very quickly. Great for texture enhancement and formulation stabilization.

Fast Hydration

Smooth Texture

Minimal Flakes

500 BULK DENSITY FINE

Fine flakes with balanced texture and hydration. Suitable for a wide range of applications.

Good Hydration

Soft Texture

Fine Flakes

400 BULK DENSITY MEDIUM FINE

Medium fine flakes with more body and texture. Enhances mouthfeel and provides better structure.

Moderate Hydration

Enhanced Texture

Visible Flakes

220 BULK DENSITY STANDARD

Standard flake size with more bite and texture. Ideal for products where flake structure is desired.

Slow Hydration

More Body

Coarse Flakes
